Facial Masks to lighten skin, fade unwanted spots, and even out skin tone, smooth skin texture & tighten pores

For ULTIMATE Lightening and Brightening A&E Beauty Laser recommends the A&E [Vitamin C Mask](#) !

We now offer a more specialized skin lightening masks for fading sun spots, age spots, & uneven skin tones due to sun damage; as well as, to reduce hyper pigmentation/ Melasma, & *inhibit melanin production!! A&E's Vitamin C Lightening Peel really brightens your skin; lightens uneven pigment, age spots. These mask-peels are great for reducing inflammation and epidermal hyper pigmentation, sun spots/ age spots, and to lighten and brighten the skin!

Vitamin C Mask Treatments can be applied to the face, the hands, chest, arms, or back to lighten the skin and even out skin tone. Other private areas, such as the anus can also be lightened thru a treatment series. Noticable lightening occurs after just one treatment; but, to fully remove discolorations, multiple mask treatments are necessary. Appointments are less than 30 minutes, and subsequent treatments can be repeated as often as every 4-5 days.

Clay & fresh water Silt. Skin will be lighter, calmer, with a polished glow!

We have seen many happy clients with results from the Black Mask Treatment. *Both normal to dry or oily skin types will experience real benefits. Black Mask contains Freshwater Silt that has been proven all around the world to heal & nourish the skin, as well as purify by drawing out impurities & toxins from the skin.

*This mask also exfoliates the skin, although it is not a scrub. It contains a time released Salicylic Acid encapsulated in bio adhesive spheres that help exfoliate the skin, even after it is rinsed off for the following 5+ days! Plus it has Green Tea Extract & Vit E to give protection from free radical damage.

Benefits:

- Weekly treatment suitable for all skin types
- Purifies oily and acne prone skin, *while it soothes and moisturizes dry, sensitive skin
- Skin normalizing mask that absorbs excess oil in the t-zone while simultaneously hydrating the cheek area
- This Mask is also available for purchase to use at home.
